

TUTORIALS

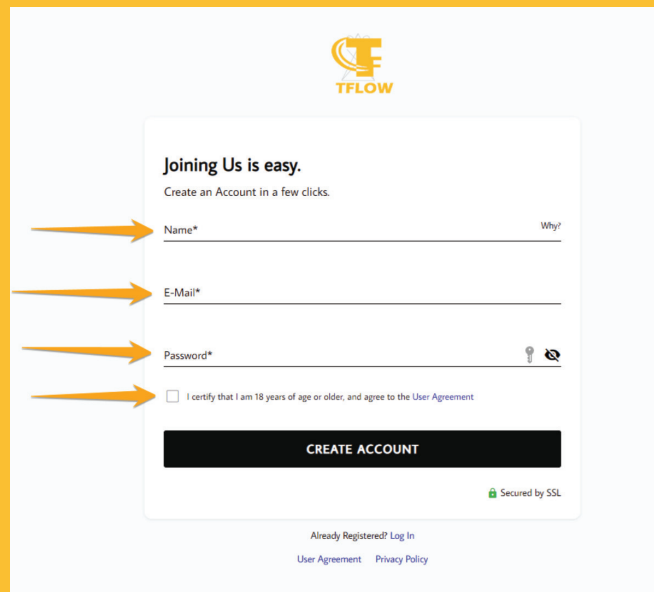

TFLOW Platform

TFC Services Inc.

Step 1

REGISTRATION

Fill in your Name (can be a nickname), your e mail, your password. Click on the tick box to accept the User Agreement (click on User Agreement Hyperlink to read it) and press Create Account.

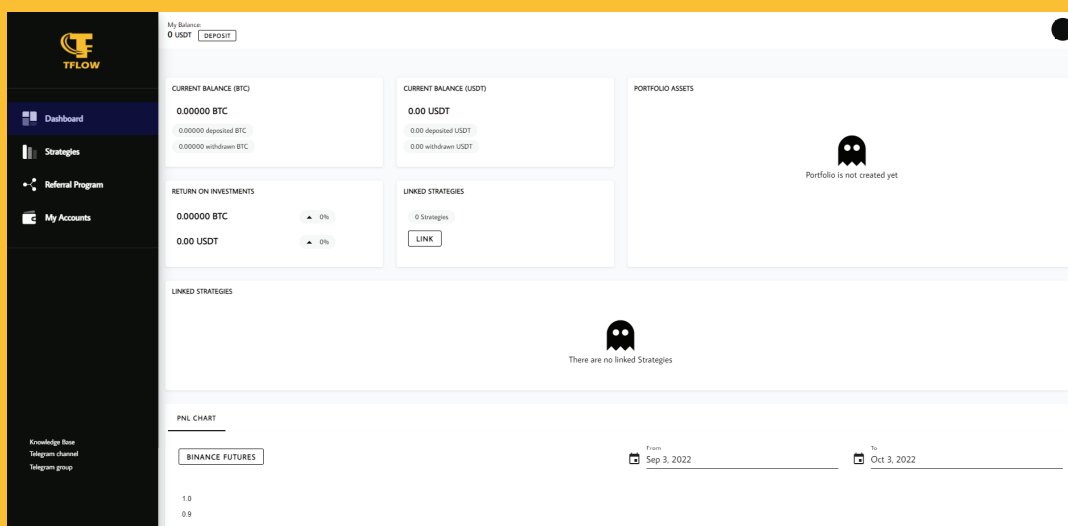

The image shows the TFLOW registration form. At the top is the TFLOW logo. Below it, the text "Joining Us is easy." and "Create an Account in a few clicks." are displayed. The form contains four input fields: "Name*", "E-Mail*", "Password*", and a checkbox for "I certify that I am 18 years of age or older, and agree to the User Agreement". The "Password*" field has a "Why?" link and an eye icon. Below the inputs is a "CREATE ACCOUNT" button. At the bottom, there are links for "Already Registered? Log In", "User Agreement", and "Privacy Policy". A "Secured by SSL" badge is also present.

Step 2

SET UP ACCOUNT

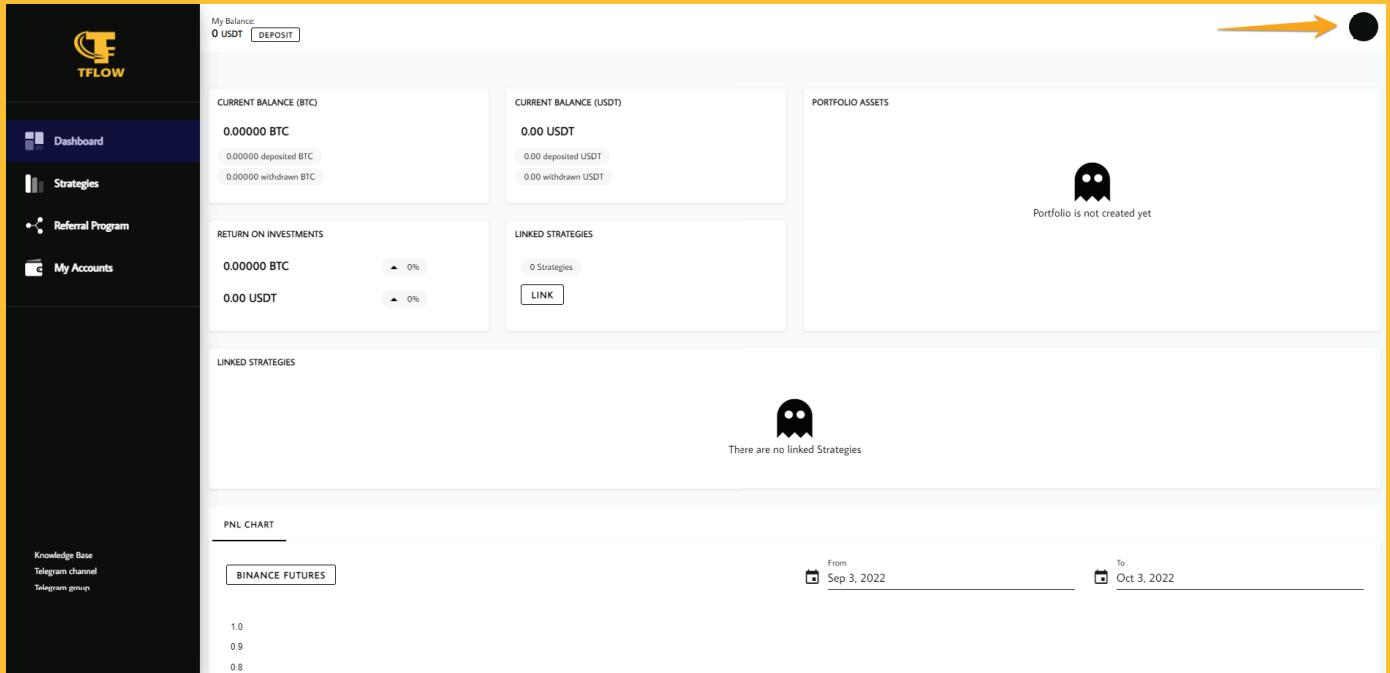

Verify your e mail through the link you received at the e mail you entered in the previous form. After pressing the link you will land to your platform dashboard.

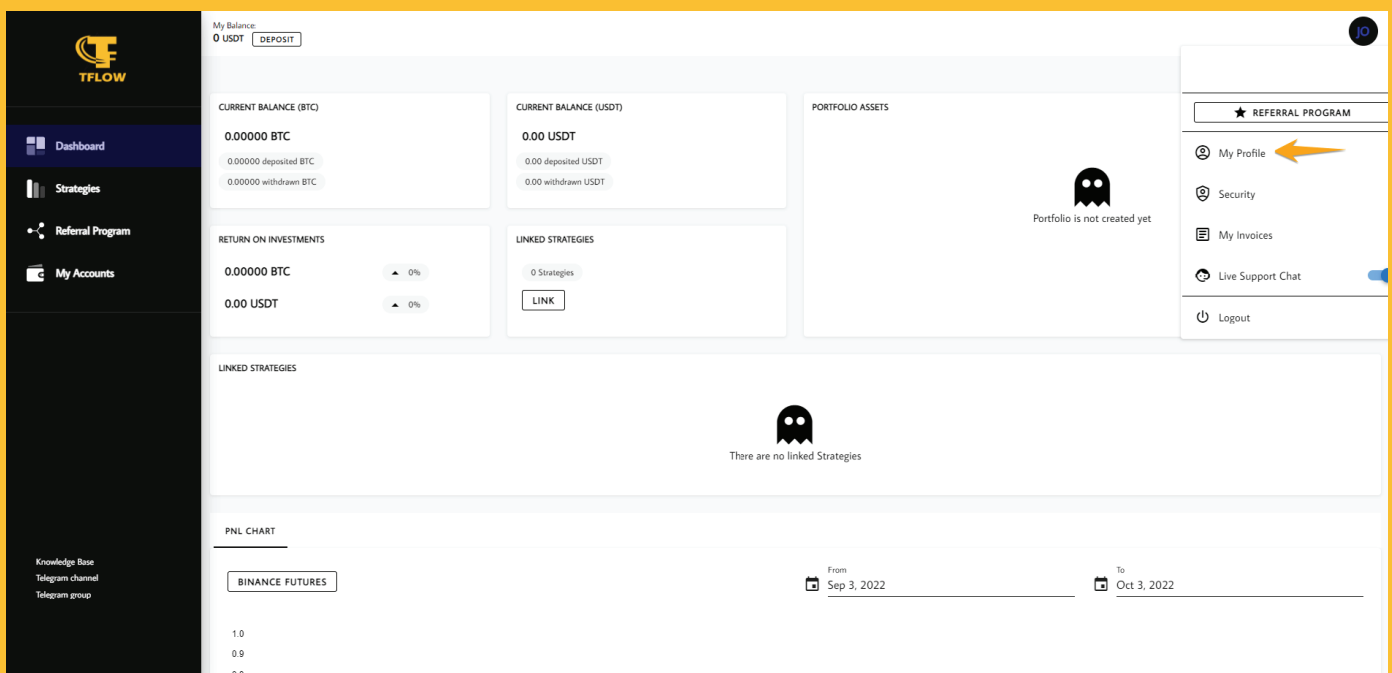

Step 3

ENTER YOUR PERSONAL DETAILS

Press on the icon at the upper right side of your screen.

Then select my Profile.

Select your preferred language,
upload your photo and fill in
your telegram username.

The screenshot shows the TFLOW user profile page. On the left is a dark sidebar with the TFLOW logo and navigation links: Dashboard, Strategies, Referral Program, and My Accounts. At the bottom of the sidebar are links for Knowledge Base, Telegram channel, and Telegram group. The main content area has a top bar showing 'My Balance: 0 USDT' and a 'DEPOSIT' button. Below this is the 'MY PROFILE' section. It includes an 'Upload Logo' button with a cloud icon and the text 'PNG / JPG 150x150px', indicated by an orange arrow. The 'Name' field is filled with 'John Aslanis'. The 'E-Mail' field is filled with 'as*****j@ho*****l.com'. The 'Language' dropdown menu is set to 'English', indicated by an orange arrow. The '@ Telegram Username' field is empty, also indicated by an orange arrow. Below these fields is a text input for 'Enter a pin code for the support chat' with an eye icon and a 'SAVE' button.

Step 4 SECURITY

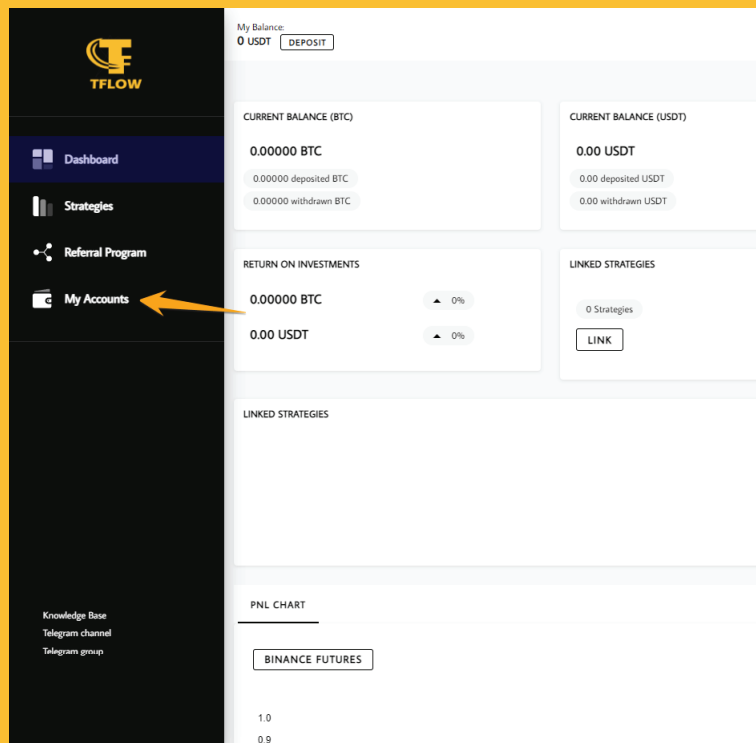

Click on the icon at the upper right side of your screen and select Security. Set up you Google Authenticator or Telegram Password Generator. We propose to use Google Authenticator. Do not forget to write down your secret recovery code.

The screenshot shows the TFLOW security page. The sidebar is identical to the previous screenshot. The main content area has a top bar with 'My Balance: 0 USDT' and a 'DEPOSIT' button. Below this is the 'TWO-STEP AUTHENTICATION' section. It contains the text 'Two-Step Authentication adds an extra layer of security to your account.' and a 'Status: disabled' label. An 'ENABLE 2FA' button is located at the bottom right of this section, indicated by an orange arrow. Below the 2FA section is the 'LOGIN ACTIVITY' section, which shows a list of login attempts represented by small gray squares, indicated by another orange arrow.

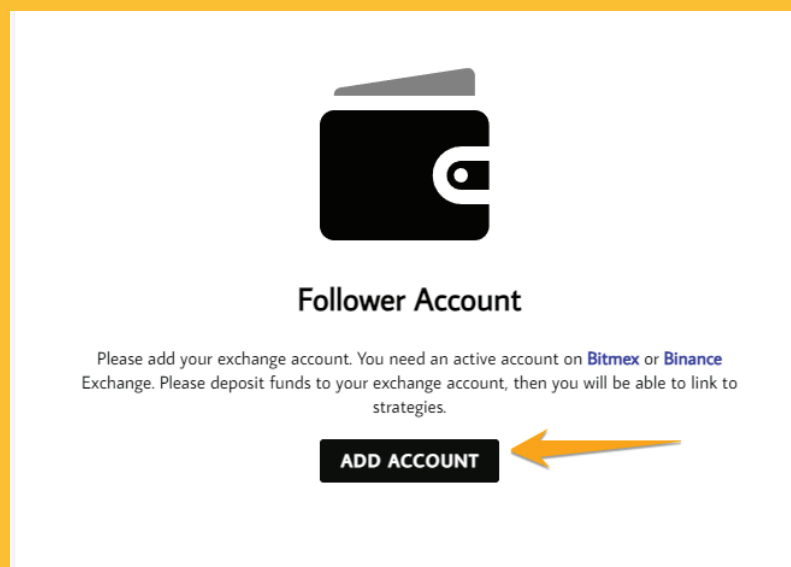

Step 5

CONNECT YOUR EXCHANGE

Go to your Dashboard and select the My Accounts icon.

Press the Add Account Button. To connect with us you need an active Binance Futures USDT-M Account.

Enter an Account name for your reference. Then select Binance Futures. Insert your API and your Secret Key and remember to edit restrictions and allow Futures Trading.

****IMPORTANT:** in order for your funds to be visible in our platform you have to either,
1. type the date when your Binance Future account was credited (eg 2 months ago) or
2. withdraw your funds from futures to spot account and then back to the futures account, and your funds will be available within 15 minutes.

* The minimum available amount to have at all times in the platform is 50 USDT. Any smaller amount the account will be paused.

Withdrawals must be disabled. Then click on save.

Step 6

FOLLOW THE BOT

Go to your Dashboard and select the Strategies option.

There you will see all available Bots to follow. You can see stats such as AUM (Assets Under Management), the number of Followers, the ROI of the Bot, minimum deposit limits and the PNL Chart of the last 30 days. Press on the logo of the Bot to see further details.

In this page you can see the full analytics of the Bot. You can also see the Bot Funds that its creator has put under the control of the Bot. Check also the allowable drawdown and the Leverage Ratio. At the description tab you can see the full description of the service. Click on Link to connect.

LINK

If everything went smoothly then at the tab **Linked Strategies**, you will find the Bot you are following.

Step 7

BILLING

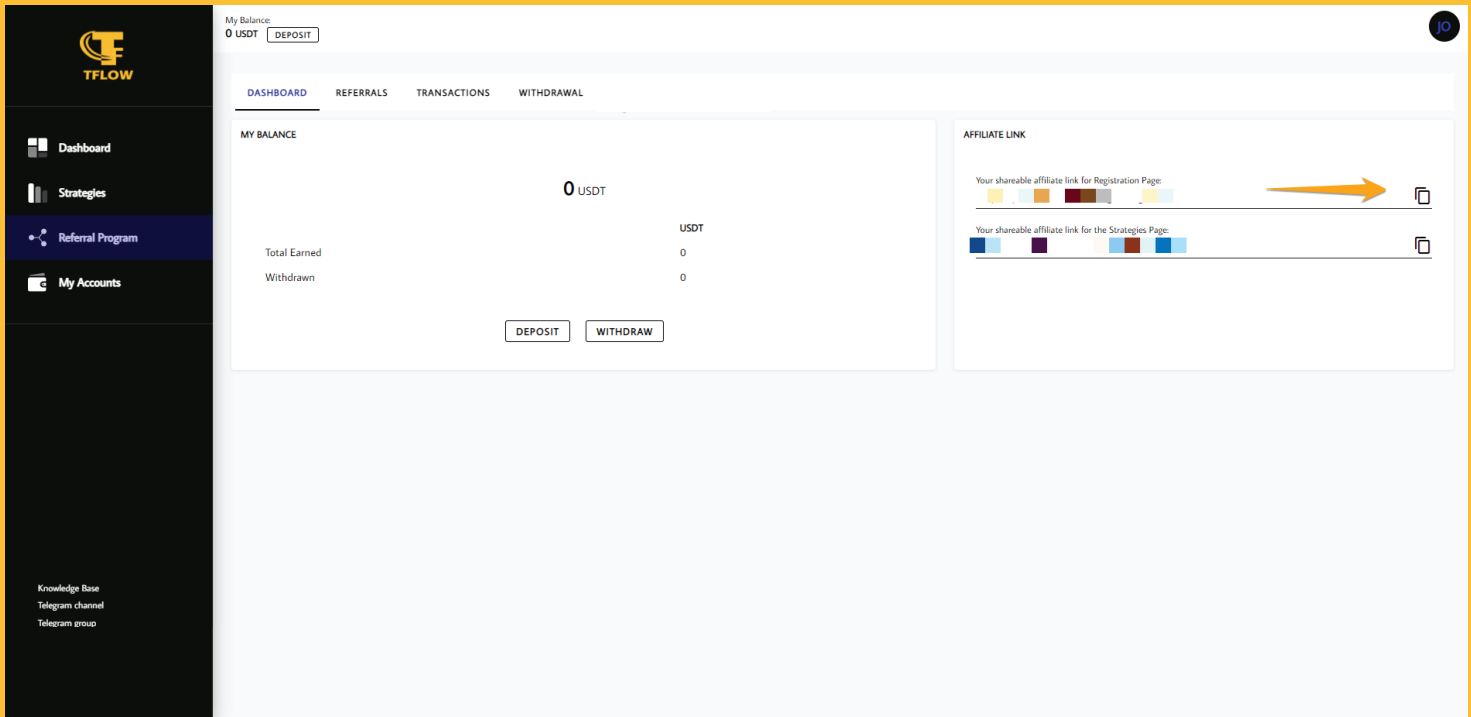

The Service is based on a Success Fee. Each Month for every position that has successfully closes and produced a profit you will get an invoice to pay the commission. You will find it at the menu when you click on your profile logo at the section My Invoices. You have 3 days to pay the commissions to the platform. If you do not pay in time your account will be frozen. You do not pay any success fee if your account is below its initial balance when you connected to the bot.

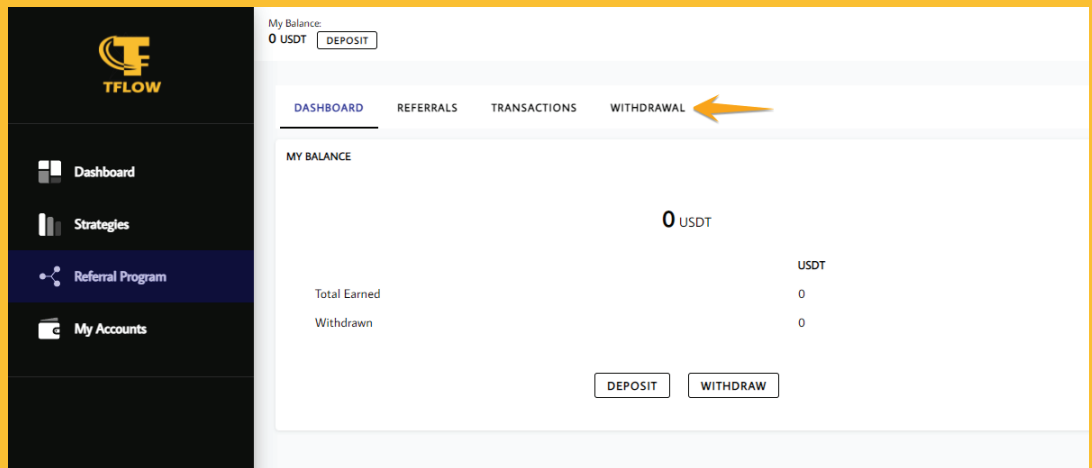

Step 8

AFFILIATE PROGRAM

In this section you can use your affiliate link for the registration page to invite someone you know. You get a 5% cut of the 20% success fee. In a case our success fee is 1000 USDT you get 25% of this meaning 250 USDT for as long your invited account is active and paying the invoices in full.

When you wish to get paid go the withdrawal section. Then press the button withdraw.

Select USDT, the network you want to use (ERC-20,TRC-20), the amount and paste your wallet address. Beware to enter the correct wallet address!! Then click than you confirm you have access to the specific wallet. Finally press Withdraw. You will receive your payment within 48 hours.

The screenshot shows a 'WITHDRAW' modal form on a dark grey background. The form is white with a light blue header. It contains several input fields and a confirmation checkbox. Orange arrows point to the following elements:

- Select Crypto Currency:** A dropdown menu showing 'USDT' and 'TetherUS'.
- Choose Transfer Network:** A dropdown menu showing 'Ethereum' and 'ERC20'.
- Amount:** An input field with '0' entered. To the right, it says 'Available: 0 USDT' and 'Min: 10 USDT'.
- Wallet:** An input field for the wallet address.
- Amount:** A label with '0.00 USDT' to its right.
- Withdrawal Fee:** A label with '0.00 USDT' to its right.
- To withdraw:** A label with '0.00 USDT' to its right.
- Confirmation:** A checkbox followed by the text 'I confirm that I have an access to the above entered wallet'.
- Buttons:** 'CANCEL' and 'WITHDRAW' buttons at the bottom right.
